

# Winnipeg/Saskatoon/Esterhazy 2012

Course Name	Course Number	No. Days	Class # of Voucher	Deluxe Kit # of Vouchers	Jan-12					Feb-12				Mar-12				Apr-12				May-12				Jun-11			
					1	8	15	22	29	5	12	19	26	4	11	18	25	1	8	15	22	29	6	13	20	27	3	10	17
<b>ControlLogix Controllers - ** Deluxe Kit Available</b>																													
ControlLogix System Fundamentals **	CCP146	2.0	3	6																									
ControlLogix System Fundamentals & Troubleshooting **	CCP299	4.5	6	10			M					M	M				M		M										
RSLogix5000 Basic Ladder Logic Programming **	CCP151	2.0	3	7																									
RSLogix 5000 Level 4: Function Block Programming	CCP152	2.0	3																										
ControlLogix Maintenance & Troubleshooting **	CCP153	4.0	5	9																									
RSLogix5000 Project Development **	CCP143	4.0	5	9																									
RSLogix5000 Basic Ladder Logic Interpretation	CCCL21	2.0	3																										
<b>Programmable Controllers ** Deluxe Kit Available</b>																													
PLC-5/SLC500 Fundamentals Using RSLogix **	CCP122	2.0	3	5																									
PLC-5 Maintenance & TS using RSLogix 5 Software	CCP412	4.0	5	7																									
PLC-5 Programming **	CCP410	4.0	5	7																									
PLC-5 Advanced Programming using RSLogix 5 Software	CCP411	4.5	6																										
SLC500 Maintenance & Troubleshooting **	CCPS43	4.0	5	8																									
SLC500 Programming **	CCPS41	4.0	5	8																									
SLC500 Advanced Programming **	CCPS42	4.0	5	8																									
<b>Safety</b>																													
GuardLogix Application Development	SAF-LOG101	2.0	3																										
GuardLogix Maintenance & Troubleshooting	SAF-LOG102	2.0	3																										
Arc Flash Safety Training	Custom	2.0	3																										
<b>Communications ** Deluxe Kit Available</b>																													
DeviceNet Maintenance & Configuration	CCP164	3.0	4																										
Controlnet Design & Configuration	CCP170	2.0	3																										
Controlnet Maintenance & Troubleshooting	CCP172	2.0	3																										
<b>Visualization ** Deluxe Kit Available</b>																													
RSView32 Project Development Formerly RS-RSVTRG	CCV201	4.5	6																										
Factory Talk ME Programming for the PanelView Plus Formerly RSView ME **	CCV204	4.0	5	8				T																					
Factory Talk ME & PanelView Plus Maintenance & T/Shooting	CCV209	2.0	3				T																						
Factory Talk SE Programming Formerly RSView SE Programming	CCV207	4.5	6																										
Factory Talk SE Maintenance & Troubleshooting	CCV206	2.0	3																										
<b>Rockwell Software Courses</b>																													
Factory Talk Metrics with Historian Classic Configuration	RS-FTMHCC	4.0	5																										
FactoryTalk Asset Center Configuration	RS-FTACC	2.0	3																										
<b>Process Control</b>																													
PlantPax Process Automation System Integration	PRS013	4.5	6																							M	M		
<b>Drives ** All Pwflex classes use Pwflex700 demos</b>																													
Fundamentals of AC/DC Drives	CCA101	2.0	3																										
1336 Plus II Maintenance & Troubleshooting	CCA137	3.0	4																										
PowerFlex70/700 AC Drive Start Up	CCA161	1.0	2																										
PowerFlex70/700 AC Drive Maintenance & TS	CCA163	1.0	2																										
PowerFlex70/700 AC Drive Communications on Devicenet	CCA162	1.0	2																										
Intellcenter and DeviceNet Configuration	CCI106-LD	2.0	3																										
<b>ICM Courses/Condition Monitoring</b>																													
Introduction to Vibration Technology (ISO Category 1)	CANICM105	4.0	5																										
Basic Vibration Analysis (ISO Category II)	CANICM205	5.0	6																										

Legend = Monday Tuesday Wednesday Thursday Canceled YELLOW = Holiday ALL CLASSES HAVE A 3 STUDENT MINIMUM

Winnipeg Classes in RED Saskatoon classes in BLUE Esterhazy Classes in Green

\*\* - Deluxe Kit consists of your RA Training Class with a reduced price corresponding CBT (Computer Based Training) CD.

Ask your local Allen-Bradley Distributor or Rockwell Automation Training Coordinator for more information or to register today!
