

Halifax 2012

Courses	Course number	# of days	June				July					August				September					October				November				December									
			3	10	17	24	1	8	15	22	29	5	12	19	26	2	9	16	23	30	7	14	21	28	4	11	18	25	2	9	16	23	30					
ControlLogix / RSLogix 5000																																						
ControlLogix System Fundamentals <i>**Deluxe Kit includes CBTs</i>	CCP146	2																																				
ControlLogix Fundamentals & Troubleshooting <i>** Deluxe Kit includes CBTs</i>	CCP299	4.5			M																																	
RSLogix5000 Basic Ladder Logic Programming <i>** Deluxe Kit includes CBTs</i>	CCP151	2																																				
ControlLogix Maintenance & Troubleshooting <i>** Deluxe Kit includes CBTs</i>	CCP153	4																																				
RSLogix5000 Level 3: Project Development <i>** Deluxe Kit includes CBTs</i>	CCP143	4																																				
RSLogix5000 Level 4: Function Block Programming	CCP152	2																																				
RSLogix5000 Level 4: Structured Text/ Sequential Function Chart Programming	CCP154	2																																				
Drives																																						
PowerFlex 700 Vector Control Configuration and Startup	CCA161	1																																				
PowerFlex 700 Vector Control Communications on DeviceNet	CCA162	1																																				
PowerFlex 700 Vector Control Maintenance & Troubleshooting	CCA163	1																																				
Motion Control																																						
RSLogix5000 Level 4: Motion Programming Using Ladder Logic	CCN142	3																																				
Kinetix 6000 Level 4: Maintenance and Troubleshooting	CCN200	2																																				
Networks																																						
DeviceNet and RSNetWorx Configuration and Troubleshooting	CCP164	3																																				
ControlNet and RSNetWorx Maintenance & Troubleshooting	CCP172	2																																				
EtherNet / IP Design and Troubleshooting <i>** Deluxe kit includes CBTs</i>	CCP178	3																																				
Visualization																																						
FactoryTalk View SE Programming	CCV207	4.5																																				
FactoryTalk View ME and PanelView Plus Programming <i>**Deluxe kit incl. CBTs</i>	CCV204	4																																				
Safety (can be added upon sufficient demand)																																						
GuardLogix Application Development	SAF-LOG101	2																																				
GuardLogix Maintenance & Troubleshooting	SAF-LOG102	2																																				
Condition Monitoring (can be added upon sufficient demand)																																						
Introduction to Vibration Technology (ISO Category 1) + optional exam (\$)	CANICM105	4																																				
Emonitor Basic	EK-ICM141	4																																				

Legend = Monday, Tuesday, Wednesday, Thursday, Friday = Holiday =
 Dartmouth Nova Scotia = Saint-John, New-Brunswick = St. John,
 Newfoundland Minimum 4 students

*Number of vouchers required is subject to change without prior notice.
 Rockwell reserves the right to modify this schedule.
 *** All course are held at Harris & Roome Graybar branches ***
 For a course at a different Harris & Roome Branch please contact your Distributor.*

To register or for more information, please contact your Distributor or your Coordinator, Geneviève Nadon at 450-781-5171.
