

Vancouver 2012

Course Name	Course Number	No. Days	Apr-12				May-12				Jun-12				Jul-12				Aug-12				Sep-12				Oct-12				Nov-12				Dec-12			
			8	15	22	29	6	13	20	27	3	10	17	24	1	8	15	22	29	5	12	19	26	2	9	16	23	30	7	14	21	28	4	11	18	25	2	9
ControlLogix Controllers - ** Deluxe Kit Available																																						
ControlLogix System Fundamentals **	CCP146	2.0																																				
ControlLogix System Fundamentals & Troubleshooting **	CCP299	4.5										M															M											
RSLogix5000 Basic Ladder Logic Programming **	CCP151	2.0																																				
ControlLogix Maintenance & Troubleshooting **	CCP153	4.0						T																														
RSLogix5000 Project Development **	CCP143	4.0																																				
PLC-5 to ControlLogix Transitioning	CCP710	2.0								W																												
Programmable Controllers ** Deluxe Kit Available																																						
PLC-5/SLC500 Fundamentals Using RSLogix **	CCP122	2.0																																				
PLC-5 Maintenance & TS using RSLogix 5 Software	CCP412	4.0																																				
PLC-5 Programming **	CCP410	4.0																																				
PLC-5 Advanced Programming using RSLogix 5 Software	CCP411	4.5																																				
SLC500 Maintenance & Troubleshooting **	CCPS43	4.0	T																																			
SLC500 Programming **	CCPS41	4.0																																				
SLC500 Advanced Programming **	CCPS42	4.0																																				
Safety																																						
GuardLogix Application Development	SAF-LOG101	2.0																																				
GuardLogix Maintenance & Troubleshooting	SAF-LOG102	2.0																																				
Arc Flash Safety Training	Custom	2.0																																				
Communications ** Deluxe Kit Available																																						
DeviceNet Maintenance & Configuration	CCP164	3.0											T																									
Ethernet/IP Design & Troubleshooting	CCP178	3.0										T																										
Visualization ** Deluxe Kit Available																																						
RSView32 Project Development Formerly RS-RSVTRG	CCV201	4.5																																				
Factory Talk ME Programming for the PanelView Plus Formerly RSView ME **	CCV204	4.0																																				
Factory Talk SE Programming Formerly RSView SE Programming	CCV207	4.5																																				
Factory Talk ME & PV PLUS Maintenance & Troubleshooting	CCV209	2.0																																				
Intelligent Motion																																						
Motion Control Fundamentals	CCN130	2.0																																				
RSLogix5000 Motion Programming Using Ladder Logic	CCN142	3.0																																				
Rockwell Software Courses																																						
Factory Talk Metrics with Historian Classic Configuration	RS-FTMHCC	4.0																																				
FactoryTalk Asset Center Configuration	RS-FTACC	2.0																																				
Drives ** All Pwflex classes use Pwflex700 demos																																						
Fundamentals of AC/DC Drives	CCA101	2.0																																				
1336 Plus II Maintenance & Troubleshooting	CCA137	3.0																																				
PowerFlex70/700 AC Drive Start Up	CCA161	1.0																																				
PowerFlex70/700 AC Drive Maintenance & TS	CCA163	1.0																																				
PowerFlex70/700 AC Drive Communications on Devicenet	CCA162	1.0																																				

Legend = Monday Tuesday Wednesday Thursday Canceled **YELLOW** = Holiday ALL CLASSES HAVE A 3 STUDENT MINIMUM

** - Deluxe Kit consists of your RA Training Class with a reduced price corresponding CBT (Computer Based Training) CD.

Vancouver classes in RED. Nanaimo in Purple Prince George in Green Kelowna in Blue

Ask your local Allen-Bradley Distributor or Rockwell Automation Training Coordinator for more information or to register today!
